SST offers a variety of sponges for your industrial application.

EcoSmart Sponge Bars

Our highly versatile sponge bars are ideal for use anywhere and for a variety of cleaning jobs from hand washes, general cleaning, to major clean ups. It will tackle light dirt to heavy grime with no problem.

- Available in a variety of sizes:
 - o Palm size – for hand washes
 - o Medium – for general cleaning
 - o Large – for heavy duty cleaning
- Single or multi-pack
- Vacuum-packed optional

EcoSmart Degreasing Paste

Although oil and water don't mix, this environmentally friendly degreasing paste will attract oil and grease! This dynamic and revolutionary combination is made from the same EcoSmart Foam perfectly blended with a natural, citrus-based cleanser.

EcoSmart Industrial Degreasing Sponge

Our heavy duty degreasing infused sponge is made from the same natural plant source and is designed to tackle the toughest jobs from oil spills to grease and grime. Highly durable, non-abrasive, sturdy and longlasting.

- Single or multi-pack

The EcoSmart Foam is hydrophobic and highly oil absorbent. Both work in unison to provide you with a paste ideally suited to remove oil and grease. The cleanser works to break up the grease and oil while the micro EcoSmart Foam particles scrub and soak it up.

The most absorbent foam on the market!
